a)
b)
77. Mzee Juma with his family live near Rufiji river. What are the benefit from the river.
a)
b)
78. The Indian ocean stimulates the blue economy sectors. Mention two among those sectors.
a)
b)
79. Define the term "map"
.....
.....

Name _____

Class: _____

80. Why map is important in our daily life ?.....

.....

SECTION D

Study pictures and answer the questions given

81. Which activity is taking place in a picture above?

.....

82. What are the benefit of that activity?

a)

b)

83. What is the effect caused by the activity shown above?

84. What do you think is the cause of the effect done by the activity above?

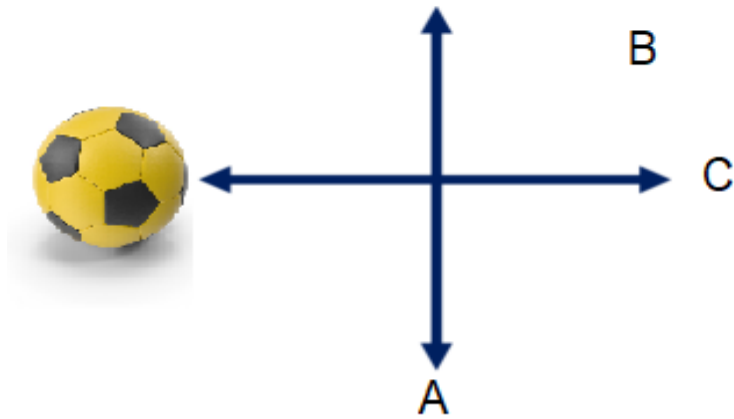

.....

85. Explain on how you can address the effects caused by the activity above

.....

.....

ARUSHA

- 86. What does this drawing represents ?
- 87. Which side of Earth does letter "A" in this diagram represent ?
.....
- 88. The ball is in which direction of the world?
- 89. a) Which direction of the world does letter "B" represents?
b) What is the direction of Arusha region from the diagram?
- 90. Explain the uses of the diagram above.
a)
b)

- 91. Which activity is taking place in a picture above
.....

92. What are the benefits of activity shown above ?

- a)
- b)

93. What is the negative environmental effect which can happen to that activity
.....

94. How can we overcome negative effects caused by activity shown above
.....
.....
.....

95. Which natural resources is found in a picture above?
.....

96. Which economic sector has shown in the picture?
.....

97. Which natural resource is very important to the economic activity shown?
.....

Name _____ Class: _____

98. How an activity shown in a picture can develop our country?

.....
.....

99. Mention any other economic sectors which can be developed our country shown above?

100. Why an economic activity shown in the picture is very important to the development of business sector?

.....
